Re. Wage rate for Maintenance Mechanics

This letter serves to confirm our discussions, wherein I advised you that the Company has reviewed its wage rates currently paid to the maintenance mechanics, pursuant to the Collective Agreement.

Due to the current market for skilled labour, the Company considers it necessary to increase the "top" hourly rate paid to a fully trained and qualified maintenance mechanic. Those currently fulfilling these duties will maintain the current premium over and above the FT warehouse classification end rate. Should any future adjustments be deemed necessary, the Company will duly notify the Union.

Should you have any questions or concerns about the above, please contact me directly.

Re. Requirement of Doctor's note

The Company has heard the concern regarding that the unavailability of access to Doctors is a current issue and this in part impairs employee's ability to comply with the requirement of Dr. Notes on the day following the return of absence.

Going forward the Company will change the requirements of notes. After 10 sick days have been used, any employee who misses additional days will require a Dr. Note to be received at the DC, three days from his/her absence or his/her next shift, whichever timeframe is greater.

The DC reserves the right to revoke this change in process conditional to but not limited to, availability of Doctors in the region and abuse of the new policy.

It is understood that this Letter of Understanding does not have application to the appropriate documentation that may be needed to qualify for a statutory holiday.
